WARNING

This document contains classified information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive TALENT-KEYHOLE information. Its security must be maintained in accordance with KEYHOLE and TALENT regulations.

PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA-CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center (PIC) (DIA). The photographic analysis for this particular report was performed by the Production Center (PIC).

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (I) equipment storage maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

25X1D

This 55-acre installation is located on the northwest edge of Zbarazh, about 24 kilometers (km) northeast of Ternopol and 36 km southwest of Planovtsy (Figure 1). It is almost completely fenced, and is rail and road served.

Visible in the installation (Figures 2 and 3)

are three buried tanks, two semiburied tanks, one possibly buried tank, and four small support buildings. A graded area suggests probable removal of a tank. The installation was covered by [REDACTED] KEYHOLE missions between [REDACTED]

25X1D

DESCRIPTION OF INSTALLATION

Railroad Service

A siding from the Planovtsy-Ternopol railroad runs along the south side of the installation.

Road Service

The installation is served by two roads which enter Zbarazh and connect with the regional road network.

POL Storage Area

Area G contains three buried tanks, one possibly buried tank with an estimated diameter of 70 feet, two semiburied tanks with a 70-foot diameter, and four small support buildings.
